Fictional First Information Report — Demonstration Record

FIR No.: FIR\_010

Case: CASE\_0010

Police Unit: Property Offences Cell

Date: 2024-10-29

Case CASE\_0010 concerns a synthetic warehouse theft matter opened on 2024-10-29. The initial record names Pooja Behera as a person requiring enquiry. The early stage relied on witness information and routine records; the identity was not treated as conclusively established from name alone. A subscriber record associated with PHONE\_00097 and account ACCT\_00108 provided additional context. Vehicle VEH\_0168 was reviewed because it was observed during the relevant period. As the enquiry progressed after 2024-12-03, investigators compared telecom, financial and location records. The working hypothesis is deliberately stated as provisional: ordinary employment, family contact and legitimate commercial activity may explain some of the observed links. The case file should therefore distinguish corroborated observations from inference and should not treat network association as proof of culpability.

The entry is synthetic. Allegations, observations and investigative leads are recorded separately; no finding of guilt is implied by inclusion in this corpus.
